I. Template

Your final papers **MUST** be formatted to IEEE Conference Proceedings Formatting Guidelines (see link <https://www.ieee.org/conferences/publishing/templates.html>). You should not include page numbers to your paper. You may also refer the conference website (<http://acc-rajagiri.org/acc2019/callforpaper.asp>) for the templates

II. Plagiarism Check

Plagiarism level of your manuscript should be within the acceptable level of the IEEE guidelines. (Similarity Index - Less than 30% using IEEE CrossChek portal). Your paper has to meet this mandatory requirement in order for it to appear in IEEE Xplore digital library.

III. Copyright Notice Instructions:

All papers must include on the bottom/footer) of the first page the appropriate copyright notice:

- a) For papers in which all authors are employed by the US government, the copyright notice is:
U.S. Government work not protected by U.S. copyright
- b) For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is:
978-1-7281-5523-4/19/\$31.00 ©2019 Crown
- c) For papers in which all authors are employed by the European Union, the copyright notice is:

4. PDF validation

It is highly recommended that you proof read and check the layout and contents (including figures, tables, equations, references and copyright notice) of your paper, before submitting it to PDF eXpress™.

All Manuscripts to be included in IEEE Xplore® should be validated through PDF eXpress for *Xplore* compatibility.

Your paper has to meet this mandatory requirement in order for it to appear in IEEE Xplore digital library. ICACC 2019 provides free access to PDF eXpress™ the IEEE's online file conversion/PDF validation tool, to assist authors in preparing suitable electronic files of their final papers. PDF eXpress™ helps authors convert their papers into IEEE Xplore-compatible PDF files (conversion function) or to check their own PDF files for IEEE Xplore compatibility (PDF validation function).

Follow the guidelines below to access the PDF eXpress™ Creating your PDF eXpress Account

Log in to the [IEEE PDF eXpress TM site\(http://www.pdf-express.org/ \)](http://www.pdf-express.org/)

First-time users should do the following:

1. Select the New Users - Click Here link.
2. Enter the following:
 - **48162X** for the Conference ID
 - your email address
 - a password
3. Continue to enter information as prompted.

An Online confirmation will be displayed and an email confirmation will be sent verifying your account setup.

Previous users of PDF eXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid.

IMPORTANT: Any changes made to a PDF after IEEE PDF eXpress conversion or PDF Checking may invalidate *Xplore* compatibility. This includes headers, page numbers, copyright notice, watermarks, etc. If any of these elements are desired, they should be added to the document before a PDF is created.

PDF eXpress™ is not a file submission system and does not capture files. An author's file simply passes through the system returning a PDF file or an error report. After using PDF eXpress™, you will still need to submit the IEEE Xplore-compatible PDF file of your camera ready paper later in this publication submission process (see step xx).

5. Register for the Conference

In order for your paper to be included in the conference proceedings, and subsequently to IEEE Xplore®, we require that one of the authors have to register for the conference and present the work. You can find the registration form and payment details at:

<http://acc-rajagiri.org/acc2019/registration.asp>

6. Submitting a Copyright Release Form

It is mandatory to complete the IEEE copyright release form using the eCF system in order to submit your paper. The eCF system allows you to complete and sign the copyright release form. Once you complete the registration process, you will receive an email prompting the

copyright transfer. You need to follow the instructions in the email to complete the copyright transfer.

Please note: You are stating that the material in your paper is original and you have not previously released copyright for this paper to another party. We cannot publish your paper without this properly completed form.

7. Final Paper PDF File Submission

Once you complete steps 1 to 6, you are now ready to submit your final camera ready paper. You can email the following items to icaccrset@rajagiritech.edu.in

1. Manuscript
2. Registration form
3. Copyright form

All the above files should be named respectively as 1. Manuscript_paper_Id[Eg: ICACC2019_paper_210], Registration_form_paper_Id, Copyright_form_paper_Id.
